APPLICANT'S SUMMARY OF INTERVIEW

Mail Stop Amendment

PO Box 1450

Sir:

In accordance with MPEP 713.04, the following summarizes the substance of a personal interview held on June 1, 2006 between the Examiner in charge of the application and the undersigned:

The undersigned pointed out how claim 1 as amended distinguished over the art used to reject this claim, noting that the art show apparatus designed to squeeze out liquid from the infusion bag whereas in the present invention the bag construction was used for a different purpose, namely, of tea leaves, for example. Thus, there is no rational basis for combining references.

A favorable action is solicited.

Respectfully submitted,

Ruston
